

It is Generally Reported that All the Nubbins in Pontotoc County Were Destroyed by the Timely Rain Sunday Night and Monday

UNITED STATES TO LIMIT ARMAMENT

EUROPE HAPPY OVER AMERICA'S MOVE

PRESIDENT ASKS FOREIGN ADVICE

International Conference
May Be Called to Cut
Heavy Arming.

(By the Associated Press)
WASHINGTON, July 11.—The course of the United States was definitely set today toward two goals of international importance—limitation of armament and the solution of problems involving the Pacific and the far east.
President Harding, it was revealed in a state department announcement today, has approached with informal but definite inquiries the governments of Great Britain, France, Italy and Japan to ascertain whether it would be agreeable to those nations to participate in a conference to discuss armament limitation. He also suggests to the nations interested in the problem of the armament conference, "the consideration of all matters that bear upon their solution with view to reaching a common understanding with respect to the principles and policies in the far east."
The state department announced that if its proposals for the limitation of armament conference were found acceptable, formal invitations for the conference would be issued.

HARVEY WILL SUBMIT MESSAGE TO ENGLAND

(By the Associated Press)
LONDON, July 11.—President Harding's note regarding a conference on the limitation of armament was received by the American embassy here yesterday and forwarded to ambassador Harvey, who is in the country. The ambassador went to Chequers Court and saw Premier Lloyd-George this morning. The subject is understood to have been discussed by the British cabinet.

Konawa Boy Leaves With Father's Car and Money, Is Word

KONAWA, July 11.—(Special)—Floyd Gordon, son of Lon Gordon, one of the leading druggists of this place, is reported to have left home last Wednesday night with his father's car and several dollars in cash, taken from the cash register in the drug store. A note, which is said to have been found in the cash register, gave the boy's reason for leaving, an explanation of which was not made public.
Those who were closely connected with the boy's disappearance stated that he went to Wewoka, where a girl friend awaited him. To girl had left only a short time before his arrival for Texas with his mother, they said. Her name could not be learned. According to a report received here today from Oklahoma City, police have located the boy and notified Mr. Gordon, who left for that place last night.
Mr. Gordon has been an active merchant in Konawa for many years and his son had lived the greater part of his life here. Friends of the family are at a loss to understand the boy's action and considerable interest has been aroused. Mr. Gordon stated that he would not attempt to follow his son, who, he believed, would return home when his supply of money was exhausted. He left immediately for Oklahoma City when he received word from the authorities of his son's whereabouts.

PRESIDENT TO DELIVER MESSAGE ON BONUS

(By the Associated Press)
WASHINGTON, July 11.—Official indicated today that President Harding would probably deliver in person the special message to congress regarding the bonus legislation.

Under this program the senate and house would hold a joint session to receive the message, which will probably be presented within a day or two.

WANT MINIMUM OIL CARGO 10,000 BARRELS

(By the Associated Press)
WASHINGTON, July 11.—Requirements of the Prairie Pipe Line company that shippers tender oil from Oklahoma and Texas fields in quantities of not less than 100,000 barrels was held to be unreasonable in a report sent to the interstate commerce commission today by examiner John B. Miller. The minimum, the report said, should be reduced to 10,000 barrels.

AMERICAN PEACE TERMED "INSULT"

Germany Would Never Sign
Another Such Treaty
Says Press.

(By the Associated Press)
BERLIN, July 11.—No economic benefit offered by the United States could be sufficient attractive to induce Germany voluntarily to affix for the second time her signature to anything like "the disgraceful peace of Versailles, with all its humiliations, privations and confessions of German guilt," said the conservative organ Der Tag, commenting on the Porter-Knox resolution ending the state of war between the United States and Germany, the text of which has just been made known here. The conditions contained in the resolution would not dispel the impression still held in some German minds to the effect that the older democracy of western civilization, through its new administration, would afford a ray of hope.
"The resolution does not reveal the slightest trace of or indication of a spirit of reconciliation," says Der Tag. "On the contrary, it is an expression of gross egotism."

BLAMES HARDING FOR BILL DELAY

"We Responded to People"
Democrat Declares in
Hot Attack.

(By the Associated Press)
WASHINGTON, July 4.—President Harding was attacked today by Senator Harrison, democrat of Mississippi, for the talk at the capitol last week urging the deferment of the soldier bonus bill. The president disregarded public promises made early in the administration to avoid interference with congressional prerogatives.
Senator Harrison said: "For eight long years you referred to this right by saying that we were nothing but rubberstamps and responded only to the will of the president. We, thank God, responded to the requests for legislation of the people. You respond to requests for the defeat of legislation for the people."
"I've no doubt the president is coming down here to apply the party whip to you men," Senator Harrison said, "and you will go back to the soldiers and tell them you changed your mind about the bonus because the president asked you to."

General Rain Over State Says Bureau; Ada Gets .65' Inch

OKLAHOMA CITY, July 11.—A general rain fell yesterday and last night over most of the state, according to reports today to the United States weather bureau here. The eastern portion of the state from McAlester north received practically no precipitation, the report indicated.
Only a temporary lapse in the hot wave is expected by the officials at the weather bureau as a result of the rain. There are no indications that the low pressure area to the west is disappearing and as soon as the weather clears over the state it will be hot again, he said.
Ada reported .65 of an inch of rain to the weather bureau.

PROTEST IS FILED ON PRICES OF ICE

OKLAHOMA CITY, July 11.—The state corporation commission has on file protests from seventy-one cities and towns against the existing rates charged by their local ice companies. The commission has promised to investigate each individual complaint.
On July 18, the commission has requested the Altus Ice and Fuel company to appear before it and furnish information relative to its operating expenses.
The commission indicated other ice companies will be summoned before it in the immediate future to explain their rates.

SCOUTS TO OPEN NEW LODGE SOON

Program Announced for the
Dedication of Building
Tuesday.

For the first time in history of Ada, a group of organized boys will meet Tuesday to dedicate a home furnished them by business men of the city. This dedication program will be held tomorrow afternoon at 5 o'clock at the Boy Scout Lodge, just east of the city lake, furnished them by the Ada Lions Club and built by efforts of the scouts.
The entire city is invited to come to the lake where scouts will stage their program. Among the more important events of the program will be the awarding of badges which include second class, first class, merit badges, and Life, Star and Eagle Scout badges, speeches, and a basket luncheon. An inspection of the Plainview dairy will also be held at this time.
All scouts are urged to bring baskets of lunch and prepare for a big time. Parents, relatives and friends will all be given a hearty welcome at this time and the boys will take delight in showing their friends their new home.
Following is the program to be given:
Presiding officer, Judge Orel Busby.
Inspection of Plainview dairy.
Music, High school Boy Scout band.
Prayer, Rev. R. C. Taylor.
The City and the Scouts, Mayor Gary Kitchens.
Awarding the prizes to winners.
Awarding of bugle to winning.
Awarding a fudge to winning troop in efficiency contest, T. O. Cullins.
The Scouts and the schools.
How the Scouts built the lodge, Harry W. Miller, Scout executive.
Awarding of first and second class badges, L. A. Ellison, Scout commissioner.
Awarding of merit badges, Life, Star and Eagle Scout badges, R. W. Simpson.
Supper on ground.
Music by band.

SENIORS PREPARED FOR CLASS PLAY WEDNESDAY

As the end of the summer term of the Normal draws near, members of the senior class interested in the class play have begun final rehearsals for the class play to be given Wednesday night of this week in the Normal auditorium, beginning at 8:15. The play, "When Mr. Brown Comes Down," is a two act comedy-drama, full of life and pep, excitement and romance.
A week-end party was selected as a plot for the play and the misunderstandings, embarrassing situations, mistaken identity and arrival of unexpected friends afford an ample field for a first class entertainment. Several features have been added to the play, including orchestra music, singing and other numbers.
On account of the large number of Normal students only a small number of seats will be reserved for outsiders. These seats are now on sale at Gwin and Mays drug store.

Sunday Blue Law May Let Kissing Remain in Style

(By the Associated Press)
NASHVILLE, Tenn., July 11.—Enactment of Sunday "blue law" prohibiting among other things the operation of Sunday trains and excluding Sunday newspapers from the mail is to be urged by the Methodist Central Sabbath crusade committee in a petition to be submitted to congress this week, it was announced by N. W. Cooper, chairman of the committee, on leaving here today for Washington.
Characterizing the law as "the simplest thing imaginable," Mr. Cooper, in a statement, said that it would "prohibit all secular work on Sunday by persons in interstate or in federal service, except in instances of charity and necessity."
"It does not, however," he said, "stop men from kissing their wives and babies and riding in cars to get fresh air and visiting the sick."

Officers May Probe Bombing Plane Fall

(By the Associated Press)
MOUNDSVILLE, W. Va., July 11.—Officials of the Langen field here where five were killed and a number injured when a bombing plane crashed into automobiles parked on the grounds, were awaiting today the arrival of officers from Dayton, Ohio at Washington before making any statements as to the cause of the accident and the fixing of responsibility.
The bombers, attached to the Langley, W. Va., field, were taking the machine from Cleveland to the Langley field when trouble developed in the takeoff, sending the machine crashing into automobiles, causing the tanks to explode and spraying burning fuel over the spectators.
Foreign Trade Falls
(By the Associated Press)
WASHINGTON, July 11.—American foreign trade fell off \$3,000,000 during the fiscal year ending June 30. A summary of trades issued today by the department of commerce showed the loss evenly divided between exports and imports.

COUNTY FINANCE REPORTED CLEAR

Treasurer's Annual Statement for Fiscal Year Submitted.

Pontotoc county was declared today to be in good shape financially by D. W. Swaffar, county treasurer, when he submitted his report for the fiscal year which ended June 30, 1921.
He said, however, that some back taxes had not yet been paid in, but was coming in steadily.
Judging by the receipts of the last year the county's finance is taking on a large aspect. Current taxes for 1920, payment on which began last November, totaled \$487,796.55. This does not include those assessed but not yet paid but is the amount received up to June 30, 1921.
The amount paid on back taxes during the period from June 30, 1920 to July 30, 1921 was \$65,975.88. Mr. Swaffar says there are still many who owe back taxes but he believes there will be no trouble in collecting them.
Other totals in receipts were: paving tax, \$10,206.22; officers' deposits \$59,544.11; sewer tax \$32,812.75 and mortgage tax \$2,430.77. The officers' deposits represent amounts deposited in the county treasurer's care by other county officers as in a bank.
Miscellaneous receipts, representing fines, amounts received from the sale of bonds, etc., totaled \$147,798.16.
Total receipts for the fiscal year ending June 30, including all the items mentioned above, were \$806,564.45. This represents the volume of business transacted by the treasurer's office for one year.
The amount is apportioned and distributed to the different purposes for which it is collected. The apportionment and distribution is made at the end of each month. According to Mr. Swaffar, the city gets a large proportion of the whole. Each school district receives a share, as does each incorporated town. Then the various county funds receive their portion.

NO SHORTAGE SEEN IN FREIGHT CAR SUPPLY

(By the Associated Press)
OKLAHOMA CITY, July 11.—A shortage in Oklahoma for the movement of the grain crop is hardly probable, according to an announcement from the corporation commission Sunday. The commission has just completed a survey of the situation and all lines operating into Oklahoma City, with the exception of the Rock Island, reported a plentiful supply of cars available for immediate use and that there was no probability of running short of the supply needed.
According to the corporation commission, the Frisco reported about 1,800 cars that would be available for the western division that takes in territory from Blackwell south to the state line. The Santa Fe has about 500 that can be placed for immediate use, it is reported. Local officials of the Rock Island did not feel so sanguine as the others, the commission said. Rush orders on this road have practically depleted the supply of empties, officials said.

Bad Weather Is No Bar to Success of Monday Trades Day

Ada's first "Second Monday Trades Day" proved a success despite the fact that weather conditions were not favorable. All day good crowds were seen on the streets and many shoppers were busy during the day taking advantage of bargains offered by local merchants. The morning was not so successful so far as crowds are concerned as the afternoon. Occasional showers prevented shoppers getting about.
With the marked success of this trades day under such existing conditions it is believed that the Second Monday Trades Day will grow to be an important one for merchants of the city. Streets during the afternoon were considerably crowded and all business was reported better than usual.
OKLAHOMA WEATHER
Tonight and Tuesday partly cloudy; probably local showers.

LOCAL MAN TRIES TO SLASH THROAT

Attempted Suicide Thought
to Be Result of Long
Sickness.

An attempt at suicide was made Saturday by H. M. Hamlin, a retired farmer living at 717 East 14th street. Relatives discovered him shortly after he had made three heavy slashes in his throat, and immediately summoned Dr. J. C. Breco, who administered aid. Dr. Breco stated today that although the wounds were very serious, he believed Hamlin would recover.
Hamlin has been in bad health for the past year and a half and it is believed that a deranged mind led him to attempt suicide. He is said to have been suffering from a severe headache continually and that this made him become discouraged with life. He is resting well at his home today.

BAND GIVEN CONCERT BEFORE GOOD CROWD

Continuing their regular weekly concerts the Ada band entertained a large crowd at the corner of Twelfth and Broadway last Saturday evening with a number of their latest selections. These concerts are growing in popularity and considerable interest is being shown by residents here in the efforts being made by the band to stimulate community spirit.
They will appear each Saturday evening in public concert when the weather permits. If a band stand is afforded this summer, concerts will be given there.

STATE RESTS CASE IN KABER HEARING

CLEVELAND, July 11.—The state at noon today rested its case in the trial of Mrs. Eva Katharine Kaber, charged with the murder of her husband, Daniel F. Kaber, with the exception of one witness who cannot be heard until the middle of the week. The defense will begin its testimony tomorrow morning.

IRISH PEACE IN EFFECT AT NOON

(By the Associated Press)
DUBLIN, July 11.—The truce in Ireland, agreed upon by government officials and republican leaders, pending peace negotiations, went into effect at noon today.
In Dublin the complete disappearance from the streets of the military police, lorries and armored motor cars marked the official beginning of the truce.
Confer on Thursday.
LONDON, July 11.—Eamonn De Valera will come to London on Thursday of this week for a conference with Premier Lloyd-George to discuss the basis for the settlement of the Irish problem. Official announcement to this effect was issued here today.
Irish Republicans Meet.
DUBLIN, July 11.—All the available members of the Dail Eirann, or the Irish republican parliament, returned at the last election, met in private in the Mansion House here today.
Curfew Is Maintained.
BELFAST, July 11.—The curfew was reimposed here today as a result of the disorders of Sunday. Belfast is now the only place in Ireland under the curfew regulations, despite the truce terms by which the curfew was raised generally.

Police Go Unarmed

DUBLIN, July 11.—In London-derry the police were summoned to their barracks to turn in their revolvers subsequent to resuming street duty unarmed.
In Belfast, where disorders began Sunday and continued in a lesser degree this forenoon, the police were to retain their arms.

PRISONER FILES BARS TO ESCAPE FROM CITY JAIL

John Henry, who was lodged in the city jail last week on default of payment of a fine on a charge of being drunk and breaking up jail fixtures, escaped through the window facing the alley Saturday night, after having filed out the bars. Police said today that files had been furnished him from the outside by friends, the screen being torn away.
Police Judge Gary Kitchens stated today that every effort possible would be made to recapture Henry and that the parties responsible for his escape would also be sought. This is the third time in the past few months that prisoners have escaped here in this manner.

THREE MORE HELD FOR ROFF MURDER

Four Now in County Jail
on Charges of Killing
George Martin.

Three more arrests on charges of murder, bringing the total number now held in the case up to four, marked developments today in the alleged murder of George Martin at Roff last May for which Frank McClintock also is being held.
In addition to McClintock, those held for the killing are Jim Good, Roff and Dick Chapman and Obie Dyer, of this city. All are in the county jail and will be held without bond. McClintock was first allowed bond of \$10,000 for the alleged murder but later this was denied. He carried the case to the criminal court of appeals and in a recent decision at Oklahoma City was refused the privilege to make bail.
Jim Good, according to Sheriff Bob Duncan, is said to be the last man with George Martin before he was killed. Chapman and Dyer are alleged to have been there when Martin was killed. Whether the last three men arrested in the case will attempt to get bond is not known. Charges of Murder have been filed against them before Justice of the Peace H. J. Brown.

Military Police and Armed Cars Disappear From Dublin Streets.

(By the Associated Press)
DUBLIN, July 11.—The truce in Ireland, agreed upon by government officials and republican leaders, pending peace negotiations, went into effect at noon today.

FRANCE, ENGLAND AND JAPAN MERRY

Harding's Proposal Only
Topic in Official
Circles.

(By the Associated Press)
PARIS, July 11.—Unofficial opinion, relating to President Harding's proposal of a disarmament conference, gathered in official circles are to the effect that France certainly will accept President Harding's invitation if one is received.
The attitude of the government is said to be unchanged since it was set forth in the assembly of the league of nations last December when it was explained that France was ready and would be glad to reduce her armament, but any decision must depend on absolute security from the east.
Inquiries in official circles disclosed the impression that such security has not yet been established. The upper Silesian trouble and the nationalist reaction in certain parts of Germany were cited. French opinion is particularly exercised over the continued agitation by German manifestations in Silesia.

BRITISH COMMONS CHEER INVITATION TO CONFERENCE

(By the Associated Press)
LONDON, July 11.—President Harding's message looking to the calling of an international conference on the limitation of armament was received with the utmost pleasure by Great Britain. Lloyd-George, the prime minister, declared in the house of commons today.
The house cheered and the premier added: "In saying that I speak for the empire as a whole."
The premier said that China would be treated as an independent in the conference on Pacific affairs. President Harding's proposal was the one topic of conversation in the diplomatic quarters today. The opinion was expressed generally and the belief voiced that such a conference, if it were agreed upon, would only be comparable in importance to the Paris peace conference.

JAPAN EAGER NOW TO RENEW ENGLISH ALLIANCE

(By the Associated Press)
TOKIO, July 11.—An agreement between the United States, Japan and Great Britain on Pacific problems as a desirable precursor or accompaniment to any renewal of the Anglo-Japanese alliance is finding favor with the Japanese, who seem to believe that negotiations to that effect have been started. (This dispatch was filed before the announcement in Washington of President Harding's invitation to participate in a conference on limitation of armament in Washington.)
Although the newspapers devoted columns to the treaty, no report was made of the fact that no general arbitration treaty exists between the United States and Japan.

"Looking To America" (By the Associated Press)

LONDON, July 11.—"The whole world has been looking to the United States for such a shrdluu. Lloyd George declared in referring to President Harding's message, "I am confident that the house will esteem it an action of state and will enlist in the movement."

PRISONER FILES BARS TO ESCAPE FROM CITY JAIL

John Henry, who was lodged in the city jail last week on default of payment of a fine on a charge of being drunk and breaking up jail fixtures, escaped through the window facing the alley Saturday night, after having filed out the bars. Police said today that files had been furnished him from the outside by friends, the screen being torn away.
Police Judge Gary Kitchens stated today that every effort possible would be made to recapture Henry and that the parties responsible for his escape would also be sought. This is the third time in the past few months that prisoners have escaped here in this manner.

ROBBERS GET \$19,000 IN NEW YORK RAID

(By the Associated Press)
NEW YORK, July 11.—Five robbers today held up the cashier and assistant cashier of the Horton Ice Cream company outside their offices and escaped in an automobile with \$19,000 in cash.

MINNESOTA "IFS" MAR PROSPECTS FOR GRID YEAR

MINNEAPOLIS, Minn., Sept. 12.—Many "ifs" prevent Minnesota's football prospectus from being optimistic for the approaching football season. Captain Laurence Teberg will assemble his squad of 1921 candidates for preliminary practice on Sept. 15 and until then, advance opinion is conjectural.

If Arnold Oss, star half-back, has completely recovered from the injury to his knee which prevented him from playing in true form last year; if Earl Martineau, stellar running mate of Oss, escapes scholastic ineligibility; if Trygve Johnson, former Gopher captain and one of Minnesota's best tackles, decides to return to school; if Festus Tierney, all Western guard in 1921, rejects an offer to play professional football and reports; if Oliver Aas and Cyril Olson, two linemen from the 1920 freshman team live up to expectations—and if injuries do not handicap the squad, Minnesota will have a team which will be able to give a battle to any of the conference aggregations.

Have Greatest Punter. Martineau, an exceedingly fast man and clever at open field running, is claimed to be the greatest punter to appear on Northrup field, and he shines also with the forward pass. He has more than the usual accomplishments of a backfield man in his stellar kicking, passing and running.

Dr. H. L. Williams, the veteran coach, will also have Harry Gistad for fullback and Harry Brown at quarter, in addition to the half-back men, with Gilbert Larson at ways available to substitute any backfield position.

The line prospects are bright. Oliver Aas, sophomore and eligible for the first time this year, should undoubtedly wrest the pivoted position from Clements, last year's center, who probably will be used one of the guards. Two "heavies" will form the bulwark of the line, with Teberg and Johnson at tackles. Both have had much experience and are expected to make a good showing the conference games.

Notice.

All property owners living on and adjoining Oak avenue from Main street north are requested to meet at the Nazarene church Wednesday, September 14, at 8 o'clock, to form plans and means to gravel Oak avenue from Main street to the city limits.—W. S. Smith, Commissioner of Public Works. 9-12-21

CHINESE STRIKE OF TEACHERS COMES TO END

(By the Associated Press.)

PEKIN, Sept. 13.—The teachers' strike which closed eight higher schools in Peking for the last four months has been ended by agreement of the Minister of Finance to guarantee payment of salaries out of the surplus of salt revenue. The settlement is a clean victory for the teachers. They held out from the beginning for establishment of a reliable fund of \$2,000,000 monthly for the support of higher government institutions of learning.

YEAST BEST WHEN TAKEN WITH IRON

If Weak, Thin or Run-down Try
This New Treatment in Tablet
Form—Watch the Quick
Results.

Everyone has heard of the apparent wonders performed by yeast in restoring thin, sickly, and run-down people to health. And now it is found that even more surprising results are brought when yeast is taken with iron, the great blood-builder.

People who for years were weak, pale, anaemic, and all run-down are regaining their strength and health almost as if by magic through this remarkably effective combination of tonics. And the best of it is that you can take it in pleasant tablet form—no need to eat yeast cakes, which are so disagreeable to many.

The preparation in which these two great health builders have been combined is known as Ironized Yeast. This contains highly concentrated brewer's yeast which is far more effective than ordinary baker's yeast because it is richer in vitamins. Vitamins, as we all know, is the mysterious elements which Science has found to be so absolutely essential to health. Due to modern methods of food preparation vitamins are lacking in most of our commonest foods—and that is why so many of us become sickly and run-down.

If you are suffering from loss of strength, if you frequently become exhausted, if your food has no taste for you, or if you are irritable, thin, pale, nervous or generally run-down, then try this remarkable new tonic.

Ironized Yeast will in most cases bring a decided improvement within three days. It will usually clear up yellow or muddy complexions within ten days. From everywhere come enthusiastic reports of what it is doing for people. It is packed in patented Sani-tape packages and will keep indefinitely. Its cost is no more per dose than common yeast. Each package contains 10 days' treatment and costs only \$1.00—or just 10c a day. Special directions for children in each package.

IRONIZED YEAST Tablets

HIGHLY CONCENTRATED VITAMINE TONIC
Made by the Ironized Yeast Co.,
Atlanta, Ga.

RAISED BILL ON DISPLAY AT MODEL.

One of the dollar bills which has been raised to a ten dollar bill is now on display in the windows of the Model, on the corner of Main and Broadway. Those who care to do so can take a look at this and learn to distinguish one when it is presented. It is said many such bills are being circulated in this section.

THE THOUSAND ISLANDS

The River St. Lawrence "As grand as the Rhine" was discovered by a French explorer in 1535. In 1615, Champlain explored the upper reaches of this majestic stream and discovered these islands.

The origin of the name is evident to the beholder. Below Lake Ontario for a distance of some forty miles the river broadens to a width ranging from four to seven miles. Here begins this world-famous archipelago. These islands—sometimes in a string like links in a chain—again in just pell-mell confusion, appear to block the channel. Apparently there are a thousand of them. Some authorities assert there are as many as 1,700.

Composed mainly of rock or granite, their surfaces are not high. Some are no larger than to provide a foundation for a house—the largest contains about 10,000 acres. Many are privately owned and here man and his money have created castles which look as wondrous as fairy tales sound.

The Thousand Islands were the scene of some hot conflicts between nations—Indian wars (when this region was known as Manatona—Garden of the Great Spirit), contests between the French and the English and battles of Revolutionary fame.

To this generation, however, they are more prominently known for their singularly picturesque beauty and unquestioned charm.

NEW MEXICO PREPARES TO ELECT NEW SENATOR

(By the Associated Press.)

SANTA FE, N. M., Sept. 13.—New Mexico will elect a U. S. Senator a week from today to succeed Albert B. Fall, now secretary of the interior.

H. O. Bursum, who was appointed by Gov. M. E. Mechem to fill the senatorial chair temporarily, has the unanimous endorsement of the Republican state convention. The Democratic nominee is R. H. Hanna of Albuquerque, former justice of the state supreme court.

Eleven proposed constitutional amendments will also be voted on. These include measures barring aliens ineligible to citizenship or associations or corporations controlled by such aliens from owning land, extending to women the right to hold public office, providing a tax exemption of \$2,000 for former service men, and placing on common carriers the burden of proof that rate orders of the state corporate commission are unreasonable.

STUDENTS TALK ENGLISH AGAIN AFTER SCHOOL.

MIDDLESBURY, Vt., Sept. 12.—Three hundred pupils in the Middlesbury College summer school who have had to converse in French or Spanish at play as well as in class room under penalty of dismissal, have resumed their native English. The faculty was composed entirely of professors from France and Spain, while the students were largely high school teachers who came from all parts of the country.

TOM HIGGINS' GREATEST FIGHT WITH THE INDIANS

Tom Higgins was a noted Illinois ranger during the War of 1812. One morning near Fort Hills the Indians ambushed Tom's company and killed several of them. As they fled to the fort, Higgins stayed behind, vowing that he would get at least one Indian before he retreated. He got his Indian, but just as he was preparing to mount his horse, Ranger Burgess, who was lying on the ground wounded, called out to him: "You won't leave me to the Indians, will you, Tom?"

Higgins stopped and attempted to lift Burgess onto his horse, but the frightened animal jerked the reins from Tom's hand and dashed madly away.

"You'll have to try to crawl to the fort, Burgess," said Tom, "and I will stay behind and keep redskins off."

As Burgess crawled away, Higgins ran in another direction to lead the approaching Indians away from his wounded comrade. In a few minutes he was surrounded by the savages and they wounded him in the leg as he fled into a deep ravine. He was nearing the fort when three Indians rose up before him. One of them fired and the ranger fell, wounded for the second time.

With a wild yell the Indians rushed at him with uplifted tomahawks, but Higgins rose once more and shot one of them dead. The other two then attacked him with spears and tomahawks. Tom defended himself with his knife until he was knocked to the ground by a blow from a tomahawk which cut off one of his ears.

Finally the ranger tore a spear from the grasp of one of the Indians and thrust it through the body of the other. He was pulled to his feet as the savage fell. The surviving warrior retreated toward his rifle and Tom, undaunted by his wounds, staggered after him. The unequal combat had been seen by the people in the fort, but they were afraid to come to his assistance until a brave woman, named Mrs. Pursley, cried out: "I will not see such a brave man die!"

She sprang upon a horse and started to Higgins' aid. Shamed by her example, several men galloped after her. They reached the ranger just as a large party of Indians were ready to swoop down upon him. They threw Higgins, fainting from loss of blood, across a horse and carried him back to the fort in safety.

Higgins did not recover from his wounds for many years, but in his old age he was given a pension for his heroic act and was made a doorkeeper in the state assembly at Vandalia.

The man who invented a wanted was on to his job. It is the quick road to results. Try one.

GOSSARD BRASSIERES

It is generally conceded that the American business girl is without equal, both in efficiency and in appearance.

Stenographers and other business women prefer Gossard Brassieres because their perfect support sustains them in comfort through the busiest day, and gives them a trimness above the waistline that assures a youthful and charming silhouette be-

neath the sheerest waist. Gossard Brassieres so faultlessly fit the figures for which they are specially designed, that you are unconscious of their support save for a pleasant feeling of well-being.

The daintiest of materials are combined in a charming and unexpected way and we offer a most unusual selection. A specially informed saleswoman will serve you.

Stevens-Wilson Co.

SERVICE STAR ORDER OPENS MEETING TODAY

CLEVELAND, O., Sept. 13.—The Service Star Legion's executive board met here today preliminary to the opening tomorrow of the society's fourth annual convention. The legion is composed of women whose immediate relatives served in the army, navy or marine corps during the World War.

The society was started under the name of War Mothers in April, 1917, and is regarded here as the oldest American patriotic organization born in the World War. At its convention in Baltimore in 1919 ten similar organizations affiliated with the War Mothers and its name changed.

An "Hour of Remembrance"

will be observed tomorrow afternoon in honor of those in service who lost their lives and of the Gold Star families. The city of Cleveland is putting on a pageant in connection with the ceremonies. Mrs. Newton D. Baker, wife of the former Secretary of War, will sing a solo.

Judge Florence E. Allen of the common pleas court here will be the principal speaker at the Legion's annual banquet Thursday night. Her topic is "Women and Their Responsibility."

Other speakers include Mrs. G. F. Dinock of Washington, D. C., president of the George Washington Memorial Association, Congressman Theodore E. Burton of Ohio, and Brig.-Gen. J. R. McQuigg, commander of the Ohio department of the American Legion.

MRS. HOPE IS PRAISED FOR DEMOCRATIC WORK

Mrs. R. L. Fite, chairman of the women's bureau of the state democratic committee, met with women democratic leaders of Pontotoc county at the court house Tuesday afternoon in the interest of forming a club for forwarding party interests here.

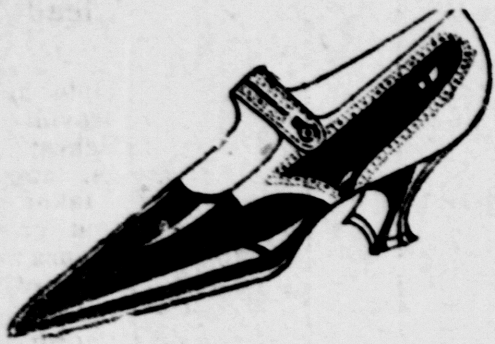

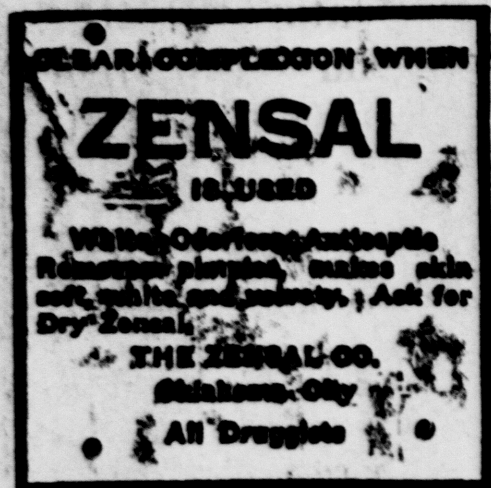

Mrs. Fite spoke complimentary of the work of Mrs. Tom Hope as chairman of the democratic committee in this county. She is the only woman chairman in the state, it is said, and her efficient work has caused much favorable comment over Oklahoma.

Mrs. Fite, in a conversation with a representative of the News, said women would help make politics better. She is of the opinion that men who are not worthy and are not doing their duty in public life will be sent back to private life without delay. She says there is plenty of good material in the democratic party and there is no need to go out of the party to get the best statesmen.

Mrs. Fite did not want to be quoted as to her attitude in reference to the proposed convention plan of some of the party leaders. This is to be settled by the party and should not be taken up at this time by individuals, she said.

More cotton is coming in every

day. Reports from local gins state

that the total amount ginned is

something over fifty bales. Cotton

men say this will bring somewhat

more money than was expected for

the county, in spite of the crop

shortage.

Heartburn after a hearty meal

means weakness in the digestive or-

gans. Prickly Ash Bitters gives

them strength, tones up the stomach

and purifies the bowels. It is the

remedy that men use for such dis-

orders. Price \$1.25 per bottle. Sold

by Gwin & Mays. (adv)

The wreck at the Ninth street

Katy railroad crossing has been

cleared up. The broken and twisted

remains of the truck which was

struck by a local freight making a switch Monday have been removed to the right-of-way border. It probably will be salvaged by the owners.

The habit of "putting it off" has caused the loss of many lives. A dose of Prickly Ash Bitters at the first sign of indigestion, constipation and kidney trouble wards off sickness and saves money. Men who are good managers should always keep a bottle on the shelf at home. Price \$1.25 per bottle. Sold by Gwin & Mays. (adv)

Ada's low death rate is shown in statistics given out recently. The death rate for Ada is lower than any town its size in the state, it is believed. The state ranks among those with the lowest death rate of the nation, making Ada one of the healthiest towns in the country, local health authorities declare.

If you feel bad; if you are "blue" tired and discouraged, without apparent reason, you need Prickly Ash Bitters, the system purifier. It cleanses the stomach, helps digestion, restores action in the torpid liver, drives out gas and fermented matter in the bowels, and brings back that fine feeling which only vim and cheerfulness which only men in perfect health enjoy. Price \$1.25 per bottle. Sold by Gwin & Mays. (adv)

MINISTER OF FIFTY CHALLENGES ALL COMERS TO MEET

Just to prove that a minister of the gospel is a "regular fellow" and that 50 years do not necessarily put him on the "junk pile," Rev. M. A. Cassidy, an active minister of this city, has thrown out an open challenge to all men at least 50 years old, to meet him in an athletic contest of any kind. A date for the meet will be arranged between him and the man who accepts his challenge.

Cassidy says he will meet any comer of his age in broad jump, running high jump, standing high jump, dashes, long races or other athletic events.

Rev. Cassidy leaves this week and will not be back this month, as he will be conducting a three weeks revival elsewhere. After this time he will be glad to don the athletic garb with any, just so he is over 50 years of age, and proposes to give him a go for the honors. Promoters will hold the event in connection with some other game. It was first decided to try to get an answer to his challenge for the fat and lean ball game, Sept. 22, but as the challenger will not be in the city on that date, it was postponed.

Those who have aspirations for such and who can qualify, are asked to notify Rev. Cassidy or call a News reporter, who will in turn interview the promoters on the date, rules and other regulations. More than one man will be considered and all who desire may accept the challenge. Call Rev. Cassidy at 455 or the News at 307.

**WHITEHURST CALLS MEET
TO DISCUSS 1922 CROP**
(By the Associated Press)
OKLAHOMA CITY, Sept. 14.—
A meeting of cotton farmers, mer-

chants and bankers to be held in
Oklahoma City on September 27 for
the purpose of discussing matters
dealing with the cotton crop to be
planted next spring, was called to-
day by John A. Whitehurst, presi-

dent of the state board of agricul-
ture. An important topic for dis-
cussion, it was announced, will be
the financing of this 1922 crop.

Turn to the want ad page.

WELCOME, FAIR VISITORS!

Mothers, Let Us Show You How Economically We Can Equip Your Boy for School

To clothe boys economically and well is the object of endeavors of this boy's department. With untiring efforts we have inquired from the great mass of boys that have visited our store and with an unceasingly every watchful eye we have scanned the markets of the country and bought what we believe to be a very representative assortment of boys' wear, from the standpoint of quality, style, and fit they are unsurpassable.

MOTHER'S FAVORITE AND WOOLY BOY SUITS \$5 to \$15

Including the kind of patterns a boy most likes. In checks, plaids, serges, and fancy novelty all wool mixtures, in at least a half a dozen likeable models.

FREE—To every purchaser of a suit we will give a good Rugby football.

TOM SAWYER WASHWEAR IS ADAPTABLE FOR WEAR UNTIL XMAS

A mother always speaks of Tom Sawyer washwear as the only real boys' washwear made. Tom Sawyer garments are made of a patent cloth called Tom Sawyer cloth itself. From the rompers to the suits they are guaranteed to give better than a reasonable wear, will not fade and button holes cannot be torn.

The colors is the next big feature of Tom Sawyer. In all white, tan and blue, and combinations of white and tan, blue and white, and stripes of tan and blue.

ROMPERS, priced at 89c and \$1.25

COMBINATION SUITS: priced at \$1.50

SUITS, in Russian Blouse, Middy, and Norfolk Styles priced at \$2.75

Winter School Accessories for the Boy

Sweaters \$2.50 to \$8.95

In coat and slip-overs made of all-wool are the ones beginning at \$5. Just the kind of patterns the real boy likes to wear. His school colors, and many others besides are here for his choosing.

TOM SAWYER SHIRTS AND BLOUSES

50c to \$1.25

Including stripes, khaki, oxfords and heavy novelty weaves. With a no less greater reputation than Tom Sawyer Suits, do these and blouses possess also.

SALE!

Buy Your Christmas Presents at This Sale and Save Just Half of What It Will Cost You During the Holidays. Bargains Will Go With Every Fall of the Auctioneer's Hammer. COME EARLY—DON'T MISS IT!

SALE STARTS SEPT. 15-10 A. M.

STORE WILL BE CLOSED TIGHT SEPTEMBER 14 TO GET READY FOR SELLING EVENT!

This is a bad time for a jeweler to put on an auction sale—with the Christmas shopping season almost at hand—but I am compelled to sacrifice a great part of my stock now in order to get the cash to meet my obligations.

We are all in the same boat—farmer, laborer, bank clerk, merchant and every man engaged in business of any kind—and must pay alike for the reconstruction days or months ahead.

It is no longer a question of profit—but a fight for existence and I stand ready to take my loss in one grand dose and be through with it.

If you can use anything in my store, you can have it at your own price. Just tell the auctioneer what you are willing to pay and buy it under the hammer.

A dollar in cash right now is worth ten to me later—and I have instructed the auctioneers to sell mercilessly until there is enough money in the cash drawer to pay every dollar that I owe.

My stock is considered among the finest in the state, and my diamond assortment is the greatest in the south, outside the larger cities, and they will all be placed on the auction block in this sale.

All of our new stock of silverware, pearls, cut glass, and watches are now in the house and they will be offered at whatever you are willing to pay at auction.

If you intend giving Christmas presents—buy them now and you can buy many with the money it would take to buy one later.

All phonographs and records will be sold and this is your chance to own yours for a song.

If you have a few hundred dollars that you care to invest at this time, you can not do better than buy diamonds at this sale, put them away for a while and as soon as conditions improve, cash in your investment at an enormous profit. Diamonds are absolutely the best investment in the world today—and even at regular prices you cannot go wrong in buying on today's market. You are safe in taking my tip and buy all the diamonds you can pay for while this sale is on. Remember that I am going to remain among you, and that every article you buy at my auction is POSITIVELY GUARANTEED TO BE EXACTLY AS REPRESENTED BY THE AUCTIONEER.

The Ada Weekly News is gradually becoming a real farmers' news paper, edited by Byron Norrell. It not only has a wide circulation, but an advertisement in it carries also the prestige of its reputation for truth and right dealing.

Commercial Printing with class is the kind you get at the Ada News Print Shop. Prices are as low as excellent work will justify.

A MOTHER'S TESTIMONY

San Antonio, Texas.—"One of my daughters has two 'Favorite Prescription' babies of whom she is very proud. She was in very poor health for eight years—could scarcely get around and was not able to do her housework. Doctoring did not seem to help her. Finally she started to take Dr. Pierce's Favorite Prescription and that medicine restored her to perfect health. The babies are fine and healthy and she had practically no suffering. Best of all she is in better health today than ever before."—MRS. SARAH WHITE, 307 Shaver St.

Favorite Prescription contains no alcohol or narcotic. All druggists.

THONGS CHEER PERSHING LEAVING FOR FRANCE (By the Associated Press)

NEW YORK, Sept. 14.—Cheered by hundreds, General Pershing sailed today for France on board the Paris to bestow posthumously on the unknown French poilu the congressional medal of honor.

He found throngs of his former comrades awaiting him as he reached the pier on the Hudson river. Shaking hands alike with privates and officers he slapped some on the back and smiled cheerfully as he exchanged greetings.

CALL DELEGATES TO REGISTER FOR MEET

A call to every person in Ada who expects to attend the annual national reunion of the United Confederate Veterans at Chattanooga, Tenn., Oct. 25-27, or the annual meeting of the Confederate Southern Memorial association and Sons of Confederate Veterans to be held in conjunction with it, to register with Capt. W. H. Fisher here as soon as possible was sent out Wednesday by the local camp.

A special rate of one cent a mile on all railroads of the south has been offered for the reunions.

A letter received Wednesday from W. N. Hulburg, chairman of the executive committee of the U. C. V., said:

"Our entertainment committee is planning the largest and best program that has ever been attempted at any of these Confederate Veterans' reunions. We are going to make this reunion with the old soldiers one that they will never forget. On account of the shortness of time it is going to be impossible for us to maintain a free mess hall, but our committee is going to prepare to take care of all of the old soldiers who are not able to pay their way in the private homes of Chattanooga where they will be the guests of citizens."

The Chattanooga Bottle and Glass manufacturing company will give a reward of \$100 in gold to the camp or sons of confederate veterans that sends the largest delegation to the reunion.

When Grandmother Was a Girl

Hoop skirts were worn by those who first asked the druggist for, and insisted on having the genuine Golden Medical Discovery put up by Dr. Pierce over 50 years ago.

Dress has changed very much since then! But Dr. Pierce's medicines contain the same dependable ingredients. They are standard today just as they were over fifty years ago. Nearly a million bottles were sold last year. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package tablets.

LODGES

A. F. & A. M.—Regular meeting of Ada Lodge No. 119, Monday night on or before the full moon in each month—John Thrasher, W. M.; F. C. Sims, secretary.

THREE BIG GAMES TO START SUNDAY

Cosden & Company of Tulsa
Said To Have Best of
Amateur Club.

Cosden & Company's baseball club, said to be the best so-called amateur local club in the state, will be in Ada to meet the fast local club in three games: Sunday, Monday and Tuesday. Reports are that many of the Tulsa players are professionals, playing as amateurs. This team was the champion in the series of games played some time ago in Tulsa, many of the best teams in the state being entered. The games here are expected to determine the amateur championship in the state. Ada fans believe that Ada will be able to defeat the men from the oil city and thus lay claim to being the fastest non-professional ball club in Oklahoma.

IN SOCIETY

School Club Formed.
Patrons and teachers of the new Washington school met Monday and a Parent-Teachers' club was organized. Following are the officers elected: Mrs. Allen Stanfield, president; Mrs. Bowman, vice-president; Mrs. Roy Pannell, secretary-treasurer. A meeting will be held on the first Friday of each month. A sum of money was raised from patrons so each child passing out of the new school Monday received an ice cream cone from a waiting mother. This will be an occasion long remembered by pupils, teachers, and patrons of the school.

Mr. and Mrs. A. W. Paden and children and Mr. and Mrs. Blaine Gilbreath motored to Chickasha last Sunday and returned yesterday. While there they visited Mr. and Mrs. Henry Carl. Mr. Carl formerly was connected with the Moser Department Store.

Mrs. E. A. MacMillan entertained Mrs. R. L. Fite of Tahlequah at dinner Tuesday evening. The two ladies were neighbors several years ago and became close friends, hence this occasion was an unusually pleasant one.

Mrs. O. A. Tunnell returned last night from Chickasha where she accompanied her daughter Sarah who will be a student in the Oklahoma College for Women.

Miss Minnie Criswell was spending the week in Sulphur this week visiting and vacationing.

Mrs. R. E. Fowler returned yesterday from Tupelo where she spent the day visiting.

Walter Phillips has returned from a visit with his grandfather in Nebraska. His grandfather was reported to be in a serious condition and Mr. Phillips stated that his condition was still regarded as critical.

Karl and Oscar Kreizer of Ardmore have arrived in the city and enrolled in the Ada high school for the coming year. They attended last year and will be here all this.

Mr. and Mrs. Harry Van Eaton left yesterday for Muskogee to spend the remainder of the week as guests of friends.

Mesdames Homer Courtney and Deavers of Konawa were in the city yesterday shopping and visiting with friends.

COTTON FIELDS FURNISH EMPLOYMENT FOR MANY

(By the Associated Press)

OKLAHOMA CITY, Sept. 14.—

Work for a part of Oklahoma's unemployed, estimated by Claude E. Connally, state labor commissioner, to number approximately 20,000 will be found in the cotton fields of the state, the commissioner announced today in making public a result of a survey of the cotton picking industry. Ten counties in the state are asking for pickers, Mr. Connally said, Jackson and Tillman asking for nearly 200 each.

Calvin's Grave Site
Now Known After 357
Years After Burial

(By the Associated Press)
GENEVA, June 22.—Leaders of the Protestant church throughout Europe are showing lively interest in the announcement that the burial place of John Calvin, the Swiss divine and reformer, has been revealed after having been unknown for 357 years.
Calvin died in 1564 and was buried somewhere in the Plain-Palais cemetery here but no stone has

marked the spot. According to the legend, he was buried secretly from fear that his grave would be desecrated.
Knowledge of the location of the grave is said to have been held by one family for more than three and a half centuries. The secret is said to have been handed down from father to son for all these generations.
Disclosure at this time is accounted for by the statement that the last holder of the secret, Eugene de Speyr, has no descendant and, being 71 years old, decided to reveal the site of the grave to the Council of the Protestant Church in Geneva.

INCREASE NOTED
IN SCHOOL LIST

Accredited High Schools
Decrease But Total
Is Going Up.

(By the Associated Press)
OKLAHOMA CITY, July 11.—Accredited high schools in Oklahoma decreased from 475 to 450 during the fiscal year 1919-1920 although the total number of high schools in the North Central association increased from 46 to 54 in the same period. C. M. Howell, state high school inspector, announced here today.

Fifty-six schools were dropped from the accredited list during the year. Mr. Howell declares, due principally to insufficient funds to maintain the standing desired. As a consequence many of the schools were overcrowded, teachers were burdened with large quotas of pupils and incompetency developed. Thirty-nine schools were added to the accredited list during the year, which somewhat relieved the number that was dropped. Mr. Howell added, Schools falling into the accredited list are first, second and third and fourth year high schools offering accredited curriculums.

"This is the first year in the history of the present administration that the number of accredited high schools has fallen off," Mr. Howell statement says, "but in the face of many difficulties which schools of the state have been forced to meet, it is not surprising. When it is considered that many of the schools were forced to close their doors because of lack of funds, thereby throwing their burden on the schools already filled to their limit overcrowding naturally resulted, which goes for lack of proper instruction."

"The instances are many where one teacher has been compelled to teach from 80 to 100 pupils per day, when 40 is a large class in the estimation of competent educational authorities. The eastern portion of the state was probably harder hit in this respect than the remainder of the state, all of which is in the face of a larger enrollment for the coming year."

Tulsa county, with five accredited schools in the North Central association, leads the state. This association is independent of the states accredited list, it being composed of fifteen of the northern states assembled into an educational association. Washington county is second in this association, while the remainder are in one and two allotments.

Garfield county leads the state in accredited high schools according to Mr. Howell's figures. It is shown this county has 16 schools of this class, followed by Grady and Oklahoma counties with 15 each. Tulsa and Muskogee county each have 13 accredited schools. Others are: Pittsburg, Okmulgee and Creek, 10 each; Jackson, 9, and Osage and Caddo, 8 each.

Gold Seekers Rush
to Sub-Arctic for
Rich Mining Stake

(By the Associated Press)
EDMONTON, Alta., July 11.—The rush to stake all claims in the Fort Norman, Northwest Territories, fields has begun in earnest and each day now sees the tide of fortune seekers sweeping northward from Edmonton, Fort McMurray, Peace River Crossing and other points. The marchers also include scores of experienced mineral prospectors bound for the sub-Arctic in quest of gold.

Every town, hamlet, trading post and river is swarming with activity of men striving desperately to be the first into the Arctic with the breaking of the ice in the Great Slave Lake. Not since the gold rush of 1897 to the Klondike and Alaskan gold fields has there been such an immense migration.

But the odyssey of the Yukon is being rewritten in the present rush in terms of modern transportation. The oil seekers making their way north travel in modern sleeping cars to the end of the northern railways and thence in comfortable river steamers and motor launches. One Canadian oil company is sending its scouting parties into the territories in all metal airplanes.

The moment the traveler leaves the river highway, however, he is face to face with the still unconquered north. Portages must be negotiated with great hardships for those who are transporting heavy oil machinery. They get a taste of the

once frightful "Edmonton Trail" to Dawson City—the grimest joke of the gold-seeking northland, where men died by the scores or went raving mad, and where the survivors who finally struggled through arrived at the Alaskan gold fields one to two years late.

Don't forget the name of the remedy you need when the stomach or bowels are disordered. Prickly Ash Bitters quickly corrects such troubles and makes you feel bright and cheerful. Every man should have a bottle at home all the time. It is the dose taken promptly that prevents sickness, misery and expense. Price \$1.25 per bottle. Sold at Gwin & Mays Drug Co.

State Saved \$62,975
by Making Own Tests
for Dangerous Germs

OKLAHOMA CITY, July 11.—A total of 13,780 specimens of bacteriological, toxicological, chemical and beverage tests were made by the state laboratory here for the year ending June 30, at a net saving to the state of \$62,975, according to a report made today by Dr. A. R. Lewis, state health commissioner, under whose supervision the laboratory is directed.

The saving to the state was computed on fees that would have been charged by commercial laboratories for the various specimens, as the laboratory is a state institution to all county health officers, county, state and law enforcement officials and thereby free of any charges.

The total number of tests made last year is slightly less than a thousand under the total for 1920, which, with 14,633, is the highest number made in the history of the laboratory. In 1917, 5,736 specimens were made. The difference in the number of specimens made in the last 2 years is attributed by Dr. Lewis to former Wasserman specimens from county clinics during the last year.

The Wasserman test under the bacteriological division of the laboratory leads in number all other specimens made. A total of 8,510 of these tests were made in 1921, at a saving of \$42,550, according to the report. Tubercular, Widal, smears, water, rabies and beverage specimens follow, with the smear ranking second to Wasserman in number.

Turn to the want ad page.

And so it will be until the end of time. Men fighting the good fight, all struggling toward the one goal, "Financial independence and happiness."

Some will succeed, more will fail, some will arise and go on, others will turn back. Those who fail will say of those who succeeded, "I wish I had done as he did."

Don't be one of that kind, you can protect yourself against it by doing the wise thing. Save and put your money to work for you. Invest conservatively, and where your money is safe with a good return.

The only reason Jones owns his own home and drives his car, while Smith is down and out, is because Jones did the wise thing. You can't eat your pie and have it.
